plywood

compression rail 7 1/2 cm

d=2 nails. But there is no sign of nails in e/?!  
how was the top held in place? Excuse me! There are nail marks in b/a = b top covering to a b b a

= 5 nails

these 2 whisky cases, disencumbered of their tops (and their bottles) were drifting in front of my rock. I fished them out and have made use of them as perfect seats for 6 or 7 years
