Dear Mr. Rojas,

We are preparing for publication a school textbook entitled MODERN SPANISH PROSE by Timms. This book is to contain passages in Spanish for comprehension and translation; among these the author would like to include about 150 words from EL VASO DE LECHE. Empresa Editorial Zig-Zag S.A. have for their part given Manuel Rojas authorization to use this material, but they asked that we also write to you. We would be grateful for your permission to include this passage, and will of course make full acknowledgements for any permission granted.

We hope to circulate our book throughout the world excluding the U.S.A. and its dependencies.

Yours sincerely,

*Jay Williams*
