Dear Juan-Pablo -

Here is a copy of the new engraved Proof of Hurgualia.

If you see any incoherencies or whatever that would impede a "smooth" rehearsal / performance process, please indicate suggestions / connections on this copy in red & return to me. I regret that Sabidur is offering only 200€ for this incredible service.

Please include your bill for this sum & I will forward it on to them & make sure it gets paid quickly.

Thank you so much for your help & your "Notes for Performance".
Very warmest regards,
Sh.
