85 LIBERTY STREET

NEW YORK, N.Y.

August 19, 1927

Mr. Vicente Huidbro,
859- 7th Avenue,
New York City.

Dear Sir:

To explain our invoice, C -6971, dated August 16th, which you phoned us about today, we would state that the price charged was our American price, which is based on the fact that we make the delivery in this country, and therefor, an additional \$3. charge is put to us for the stamps.

The sending of the bill was a matter of routine and we gladly present you with the cigarettes, for the purpose of seeing the possibilities of marketing Sanos in South America, as we had discussed with you.

We trust that you now understand the difference in this billing and the prices quoted you while in the office.

Be assured that we will gladly rule off this charge.

Awaiting your commands, we remain,

Very truly yours,

THE HEALTH CIGAR CO.
