DIMITRI MITROPOULOS INTERNATIONAL  
MUSIC COMPETITION  
1966 COMPETITION • FOR CONDUCTORS

NEW YORK CITY, U.S.A.

JANUARY 3 — JANUARY 19, 1966

*“TO SOMEONE like myself, who wanders through the forest of music year in and year out, and is privileged to serve as guardian of the giant trees, it is a duty not only to care for those trees, but also to devote time, effort and affection on those who are still fighting to find their place in the sun.”*

— DIMITRI MITROPOULOS

PATRIMONIO UC

Today, in a world grown ever smaller . . . in a time when the peoples of all nations are neighbors . . . the language of music speaks of universal understanding and peace.

Inspired by the artistry and humanity of the late great conductor, the Federation of Jewish Philanthropies of New York created the Dimitri Mitropoulos International Music Competition as an instrument through which young artists of all countries might come together in unity and harmony, to enrich the lives of all people everywhere.

For half a century, Federation, through its medical and welfare agencies, has been deeply concerned and involved with the enrichment of people's lives. It has helped to advance the social, health, cultural and educational well-being of its neighbors . . . a million of them each year . . . men, women and children of all races and faiths, from all walks of life.

As Federation serves its home community, it hopes, too, through the Competition to contribute to the well-being of the world community.

## ACKNOWLEDGEMENT TO THE NATIONS OF THE WORLD

In developing the Competition so that it would serve the interests of musicians throughout the world, the Federation received close and continuous assistance from many nations and their representatives. Their readiness to provide counsel and administrative support, their cooperation at every stage, their warm encouragements were evidence that the political, religious and ethnic differences of men need not prevent their joint pursuit of a common good. Music, which knows no boundaries, brought them together. To officials and cultural representatives at the United Nations and to all the diplomats who gave their help, the Federation expresses profound gratitude.

## THE COMPETITION JURY

The eminent musicians who comprise the jury can not be adequately thanked. It is a musician's privilege to give works of art a living voice and to assure them their perpetual renewal in the ears of men. The greatest musicians are concerned as well, to develop excellence in the rising generation. The men who have served on the Competition Jury belong to this exalted company. With their close and sympathetic attentiveness over many days, their constant desire for the best, their solicitude for their younger colleagues, they have honored the Competition and their art.

THE FEDERATION OF JEWISH PHILANTHROPIES  
OF NEW YORK

THE FEDERATION OF JEWISH PHILANTHROPIES is a voluntary association of men and women who, by concerting their action and resources, have brought an abundance of help to their fellow citizens of New York.

The Federation maintains a network of 116 institutions and social service agencies that each year care for over 1,000,000 New Yorkers, whatever their race or national origin, their beliefs or their circumstances. Among its affiliates are hospitals and psychiatric centers, child care and family service bureaus, Y's, neighborhood houses and camps, vocational guidance staffs and special facilities for the handicapped.

Since its foundation in 1917, the Federation has been sustained by its trust in human capacities and possibilities. Concerned to meet the immediate needs of all who turn to its agencies, it strives as well to create happy, harmonious conditions of life in which our whole society may prosper. The Dimitri Mitropoulos International Music Competition, which binds together so many generous hearts and hands, is the Federation's testament of faith in the dignity and indivisibility of the world community.
